

Dear Erasmus-students,

certainly you've got already enchanted by the lights of the Chain Bridge or the rush of the 7<sup>th</sup> district at night. Maybe you've also seen by now what kind of hidden secrets the Margaret Island has to offer for you. But doubtlessly you could not experience them all in one night, while riding an extra-comfortable bike!

On the guided biking tour co-organised by *Cruise All Night Budapest* and *Tempus Public Foundation* you can discover the most exciting nocturnal sights by riding on the best bike tracks on excellent rented bikes.

And don't be afraid of biking during the whole night! We will make some stops not only to refresh you, but to get familiar with local history, everyday- and night life by quiz games. And for those who feel like biking again in the city, we will show how to ride safely in Budapest.

And now let's see the details:

- Date: 12<sup>th</sup> of April, 8 pm. The tour lasts 4 hours.
- Meeting point: Budapest Bike Rental ([7<sup>th</sup> district, Wesselényi street 13](#))
- Price: 5000 HUF which includes the bike rental and a refreshment
