

MODULE SELECTION INCOMING STUDENTS 2013 / 14

Module enrolment:

Students may choose from the list depending on the study program they will study in. A mix between different study programs is not possible (except IP BBA and BBA). Due to course collisions we recommend to take modules from the same classes. In that case we can guarantee no overlapping.

Schedule:

We will send out the individual schedules around End of July / Beginning of August for autumn semester and around End of December / Beginning of January for spring semester.

Abbreviations:

AS 13/14:	Autumn Semester 2013/14
